16th Cologne Academy on International Commercial Arbitration
13th Cologne Academy on Business Negotiation and Mediation

Köln, 28.02.2018

Dear Sir/Madam,

The Center for Transnational Law (CENTRAL) at Cologne University in cooperation with the German Institution of Arbitration (DIS) will once again host its highly successful "Cologne Academies" on international dispute resolution from September 2 to 6, 2018:

- the 16th Academy on International Commercial Arbitration and
- the 13th Academy on International Business Negotiation and Mediation.

The Cologne Academies are addressed to students and young practitioners. They are well known for their highly interactive teaching & training approach which involves both the law and the practice skills required for a successful career in international dispute resolution. The Academies' aim is to teach the skills of preventing conflict escalation, retaining good business relationships and (if it comes to that) and of focusing on the key issues of a dispute and its resolution by international business mediation or international arbitration.

For detailed information on the Academies' interactive teaching & training program, our distinguished faculty, statements of our Alumni, the fees and application process as well as a short introduction video please visit our website at www.cologne-academies.com

Group rates for Moot Teams (ICC Mediation or Vis Moot) are available on request.

I would be very grateful if you would be so kind as to let your students know about our program and display the enclosed poster and brochures in your faculty accordingly. Thank you very much in advance!

Sincerely

A handwritten signature in black ink, appearing to read "Berger".

Professor Dr. Klaus Peter Berger, LL.M.
Academy Director, Center for Transnational Law (CENTRAL)
